

INFORMATION FOR BIDDERS

Wastewater - Sludge Pressing and Hauling

BID OPENING

Bids will be opened February 20, 2017 at 12:15 p.m. (Noon) at City Hall.

PROPOSALS RECEIVED

The City of Conneaut is accepting sealed bids for “Sludge Pressing and Hauling.” Bids should be mailed or hand delivered to the attention of Jim Hockaday, City Manager, 294 Main Street, Conneaut, OH 44030, no later than February 20, 2017 at 12:00 p.m. (Noon). No bids will be accepted after this time. Bids should be plainly marked “Sludge Pressing and Hauling Agreement”. Bids will be opened February 20, 2017 at 12:15 p.m. (Noon) at City Hall. Specifications are available at City Hall or by calling City Manager’s Office at (440) 593- 7401.

The City reserves the right to accept or reject any or all bids and to waive all informalities in the bids and accept any bid deemed most favorable to it.

COMPLETION OF THE PROPOSAL FORM

Specifications are available at City Manager’s Office, www.conneautohio.gov or by phone at (440) 593-7401. Technical questions regarding this contract can be directed to Brian Bidwell, Wastewater Superintendent, at 440-593-7434.

All information shall be entered in ink or typewritten. Proposals shall include a written, quoted price. Proposals are encouraged to include description of equipment, professional references, and contain photographs of all equipment.

The Bidder shall sign, in ink, the proposal correctly. If the Proposal is made by an individual, his name, location address, mailing address, and telephone number must be shown. If made by a firm, partnership, or corporation, the Proposal must be signed by an official of the firm, partnership, or corporation authorized to sign contracts, and must show the location in mailing address and telephone number of the firm, partnership, or corporation. Failure to do so may disqualify the bid.

INCURRING COSTS FOR PROPOSALS

The City of Conneaut is not liable for any costs incurred for the preparation of proposals or submission of samples by the firms submitting proposals for the work requested in the bid document or request for proposals.

Wastewater Sludge Pressing and Hauling

Contractor Name _____
Address _____
Phone _____
Fax _____

Cost per Dry Ton* \$ _____

*Liquid Stabilized Sludge and Wet Tonnage shall be included at the same rate using the following formula for conversion to dry tonnage:

Converting liquid to Dry Tons

$$DT = \text{gallons} \times 8.34 \times \%TS \text{ (in decimal form } 100\% = 1) \times .0005$$

When we haul liquid we have the hauler collect a composite sample for the day and we run a %TS on it in house to determine a %TS for that day for billing.

Converting Wet Tons to Dry Tons

$$DT = WT \times \%TS \text{ (in decimal form } 100\% = 1)$$

When running cake a daily composite is collected off the press and sent out to our outside lab to determine the %TS for billing for the day.
